

Never Gonna Stop Me

I'm bored, I'm out the door, I'm feelin' all right
Got two feet for dancin' on this Saturday night
Look at me, I'm on my way, you're never gonna stop me
Tonight, tonight, never gonna stop me, yeah

I'm loose, I'm bullet proof, I'm a stick of dynamite
Light that fuse, I'm cuttin' loose this Saturday night
You can stare, but to be fair, you're never gonna stop me

Tonight, tonight, never gonna stop me from praising Him
Can't stop me praising the Lord

I'm right, you're too uptight, you're not having any fun
A little shout for Jesus wouldn't bother anyone
Look at me, I'm not afraid, you're never gonna stop me
Tonight, tonight, never gonna stop me from praising Him
Can't stop me praising the Lord

Life's too short to worry what you think
His love's too sweet to leave here incomplete
Look all you want and see
You're never gonna stop me
